

JAMES FANTOZZI
Vice President
Construction Services

PROFESSIONAL EXPERIENCE

At **Infinity** Mr. Fantozzi is Vice President of Construction Services and is responsible for the overall management of all field operations. Under his field supervision to date Infinity has completed over \$300 million in the Commercial, Healthcare, Educational, Public Works, Retail, and Technology markets, with project sizes ranging from small interior renovations performed with Infinity's own forces to general contracting and construction management projects up to \$15 million.

Prior to starting **Infinity** in 1997, Mr. Fantozzi worked for a large international general contracting and construction management firm and held the positions including, Field Engineer, Cost Engineer, Assistant Superintendent and Project Superintendent. In a field operations capacity Mr. Fantozzi supervised field personnel and subcontractors, organized daily work flow, developed and implemented project schedules, evaluated and monitored project change order processes, and reviewed engineering submittals.

From April of 1992, until December of 1996 Mr. Fantozzi was a Project Manager with small Business Division of that firm where he helped develop a niche market for Cellular Telecommunications construction projects. While in this capacity, he completed over \$10 million in cell site construction throughout Ohio. Projects he worked on with this firm included:

<i>Renaissance Office Building</i>	<i>\$20.0 million</i>
<i>Key Bank Operations Center</i>	<i>\$19.0 million</i>
<i>Bank One Office</i>	<i>\$ 3.0 million</i>
<i>GTE MTSO Facility, Akron, Ohio</i>	<i>\$ 2.0 million</i>
<i>Kaiser Permanente Emergency Care Center, Cleveland, Ohio</i>	<i>\$ 2.5 million</i>
